CityFlex® 204 Premium

An efficient alternative

Good fuel economy

With hydraulically driven pumps the fuel consumption is kept at minimum level

Less space and less weight

By virtue of size and weight, CityFlex® is a cost effective alternative to large units

Flexibility is a priority

A movable partition provides a flexible tank size and flexibility of applications

Low maintenance costs

Bolted joints, parts from international suppliers and BUS reduce repair costs

A powerful machine

Despite its size, the CityFlex® is a full combo unit as flexible as larger units.

Patent pending

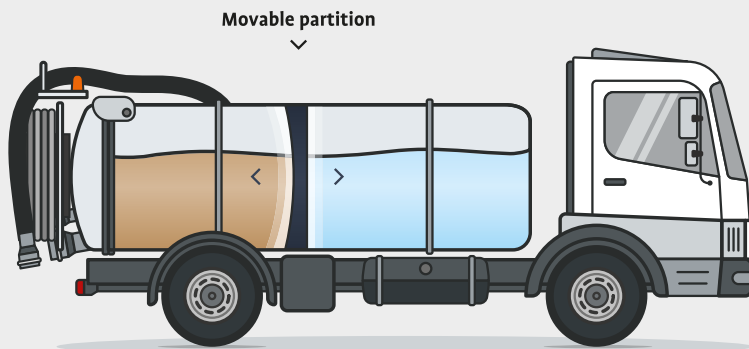

CityFlex® is patent pending regarding its partition, hose reel and end cover

Technical specifications

Tank	<ul style="list-style-type: none"> • 4,000 litres • Approved for 0.5 bar pressure • Movable partition, hydraulic • 3" top suction, pneumatic, and 4" bottom suction, manual • 3" knife gate cassette, pneumatic • Fully automatic end cover, hydraulic
Water	<ul style="list-style-type: none"> • Uraca P3-10, 127 l/min @ 160 bar • Primary hose reel with 150 m 3/4" jetting hose, hydraulic • Water filter for protection of pump
Vacuum	<ul style="list-style-type: none"> • Jurop RV 360 - air cooled with lubrication pump • 9,400 l/min @ 60% vacuum • Hydraulic transport hose reel with 40 m 3" suction hose (20+10+10 m) with couplings • 3" suction cassette, hydraulic with telescopic arm
Control	<ul style="list-style-type: none"> • Control panel on the jetting hose reel • Remote control • 12V outlet • Converter for CCTV system 24V to 12V • Inverter for CCTV system 24V to 230V 1600 W
Chassis	<ul style="list-style-type: none"> • Mercedes-Benz Atego 1323, 4x2 Euro 6
Lights and reflectors	<ul style="list-style-type: none"> • 6 work lights, LED • 4 rotating beacons • 6 flash lights • 4 side lights with built-in reflectors, LED
Cabinets and storage	<ul style="list-style-type: none"> • 5 cabinets with roller shutter doors, lighted and lockable • 1 drawer, lockable • 2 trays, lockable • 1 cone holder • 3 pipes for storage of 3" suction hoses • 2 storages for fence • Handy wash with heated water
Accessories	<ul style="list-style-type: none"> • 3/4" nozzle set • 1.75 m 4" hose with Bauer couplings • 1 adaptor piece 3" male to 4" female Camlock couplings
Finish	<ul style="list-style-type: none"> • Cabin and tank: Ivory white • Chassis: Scania Sub Grey • 8 step painting process (Corrosion class C3, Tank: 200-300 µm, Rest: 100-120 µm) • Text and striping invoiced separately

With a movable partition, you will get world-class flexibility. And world-class flexibility is great for the business that matters. Yours.

● Sludge ● Water

Movable partition. As the water in the tank gets used, the partition moves to give space for the sludge.
